

Dear Folks, I just wanted to let you know how much I am served by K-LOVE fm radio-station here in the greater metropolitan Phoenix area. They are a welcome respite from the many other run-of-the-mill options on the dial. Their format and material is always positive and encouraging. If they were to be displaced by an LPFM broadcaster the hundreds of thousands (maybe over a million?) of listeners would experience a GREAT loss. The positive effects would be gone. It is in the public's interest to keep them on the air, as they provide a force for good and social responsibility, when all around people have become selfish and hurtful to others.

I thank you for your kind attention and thoughtfulness in reading this. God bless America!
